To Whom It May Concern:

I confirm that Minerex Environmental Limited were and continue to be engaged to carry out consultancy services for ESB, Aghada Generating Station, Co. Cork and in the past have undertaken consultancy work at ESB Marina Generating Station, Cork city.

The services provided are / were:

Brief Description	Year
Groundwater sampling in advance of EPA IPCL Application – Marina and Aghada Stations	2000
Quarterly Groundwater Sampling and Reporting for compliance with EPA IPCL Requirements – Aghada Station	2002 – ongoing (2004)

The services of Minerex Environmental Limited were carried out to an efficient and high standard, within fixed budgets and delivery time frames. I would not hesitate in recommending their services to others.

Yours sincerely,

Jason Bane, M.Sc
