12th May 2004

To Whom it May Concern,

We can confirm that Minerex Environmental have completed a contract for Donegal County Council with respect to the Letterkenny Water Supply – Augmentation Scheme. More recently they have worked for Donegal County Council on the Ballyshannon Water Supply Scheme.

We would have no hesitation in recommending Minerex for other contracts and are more than happy with their performance including Data review, geophysics, core logging, well drilling, pumping tests & reporting among other things. Personally, I have found Minerex to be professional and helpful at every turn.

Yours Sincerely

Peter Donaghy
Senior Executive Engineer
Water/Environment Services
